Patients residing in Massachusetts, Minnesota, Michigan, or Rhode Island can only receive assistance with the cost of Ipsen products but not the cost of related medical services (injection). Patients receiving assistance through another assistance program or foundation, free trial, or other similar offer or program, are not eligible for the copay assistance program during the current enrollment year.

Cash-pay patients are eligible to participate. "Cash-pay" patients are defined for purposes of this program as patients without insurance coverage or who have commercial insurance that does not cover Dysport®. Medicare Part D enrollees who are in the prescription drug coverage gap (the "donut hole") are not considered cash-pay patients and are not eligible for copay assistance through IPSEN CARES®. For patients with commercial insurance who are not considered to be cash-pay patients, the maximum copay benefit amount per prescription is an amount equal to the difference between the annual maximum copay benefit of \$5,000 and the total amount of copay benefit provided to the patient in the Dysport® Copay Program. In any calendar year commencing January 1, the maximum copay benefit amount paid by Ipsen Biopharmaceuticals, Inc. will be \$5,000, covering no more than four (4) Dysport® treatments. For cash-pay patients, the maximum copay benefit amount per eligible Dysport® treatment is \$1,250, subject to the annual maximum of \$5,000 in total. There could be additional financial responsibility depending on the patient's insurance plan.

Patient or guardian is responsible for reporting receipt of copay savings benefit to any insurer, health plan, or other third party who pays for or reimburses any part of the prescription filled through the program, as may be required. Ipsen reserves the right to rescind, revoke, or amend these offers without notice at any time. Data related to patient participation may be collected, analyzed, and shared with Ipsen for market research and other purposes related to assessing the program. Data shared with Ipsen will be de-identified, meaning it will not identify the patient. Void outside of the United States and its territories or where prohibited by law, taxed, or restricted. This program is not health insurance. No other purchase is necessary.

Frequently Asked Questions

Q: How does a patient enroll in the Dysport Copay Assistance Program?

A: Enrollment for either the medical or pharmacy benefit program is accomplished via IPSEN CARES®. The patient and provider complete their respective sections of the Enrollment Form, and the provider submits the form to IPSEN CARES or the patient may choose to self-enroll via the Dysport Self-Enrollment Form found on www.ipsencares.com.

Q: How will IPSEN CARES determine that the patient is eligible*?

A: IPSEN CARES will perform a benefit verification to determine if the patient requires assistance with the pharmacy or medical benefit. The benefits verification will determine whether the patient meets the eligibility criteria for the program, and the appropriate offer will be given to the provider and the patient. If the patient qualifies for both benefits, IPSEN CARES will allow the patient and the physician to determine which program to use.

Q: Can the patient switch between the two programs?

Q: How do patients know that they have been enrolled?

A: Patients can choose to self enroll in the program or their physician can enroll them by submitting an IPSEN CARES Enrollment Form. In addition, the patient and physician will be mailed letters welcoming them into the program.

Q: Are cash-pay patients allowed to use the program?

Q: A patient has multiple Explanation of Benefits (EOBs) that need payment. Can multiple EOB submissions be sent for payment at one time?

A: Yes. Subject to the maximum annual cap and other program restrictions, multiple EOBs can be submitted for consideration at one time, including EOBs 180 days prior to the patient's enrollment date.

Q: I have a patient who has two separate documentations (ie, an EOB and a Specialty Pharmacy receipt) for the same date of service. Will this patient be paid for both documents?

A: This depends on which services were provided to the patient. Subject to the maximum annual benefit and other restrictions, the Dysport Copay Assistance Program will cover the cost of the drug and injections (this also includes the physician's visit the same day of injection) where allowable by the state. Our processors will calculate the associated Dysport costs and reimburse accordingly. Any surgical, physician, and/or laboratory expenses will be excluded from payment.
